Thanksgiving to the Troops: We will donate \$50 to 2-3 active duty deserving personnel for Thanksgiving. Forward your requests to Ed Spainhower by 15 Nov.

CPO Academy: for the most part all agree it's a good thing. A few members feel it shouldn't be mandatory. It was suggested that some of the "old timers" didn't have anything to learn, but they could offer to teach or add something to the program. It is mandatory for all E-7's in LANT area to attend as part of their SOP. It was suggested that the "leadership" training be started earlier in a member's career. It was suggested that the PCO and OINC schools take the place of the CPO Academy for members who have attended those courses.

CCTI: Some of the new changes suggested are:

Each CPO give a charge when signing the charge book

Have a PCPO college

Next meeting we will assign committees and get them going on the new criteria
